Well-documented facts pertaining to the 9/11 wars, all supported by sustainable evidence, have barely made inroads into the collective consciousness of Western media consumers.

The War on Syria is no exception. Despite the presence of five years of sustainable evidence that contradicts the Western narratives, people still believe the “official” lies.

The consensus of ignorance is sustained by what Michel Chossudovsky describes as an “American Inquisition”. Beneath the protection of this psychological operation, the engineered enemy is Islam, and the Global War On Terrorism (GWOT) has become a brand to disguise imperial wars of aggression as “humanitarian”.

Thus, huge sums of public monies are diverted from worthwhile, domestic projects such as healthcare schools and roads, to support a criminal Project for a New American Century (PNAC) that is globalizing death, poverty, and destruction as the U.S led empire tries to impose a unilateral model of control over the world.

The U.S is said to be “exceptional”, and therefore the rightful ruler. Manifest Destiny writ large.

Dissent is suppressed within the framework of corporate media monopolies. Predominant narratives are supported by corrupt “NGOs” - totally bereft of objectivity — and intelligence agency “fronts”. Real investigative journalism offering historical context and legitimate evidence are relegated to the fringes, far outside the domain of the broad-based “consensus of misunderstanding.”

The “Progressive Left” has been [co-opted](#). So-called “progressives” (presumably unwittingly) support Canada’s close relationships with Wahabbi Saudi Arabia, Apartheid Israel, and even the foreign mercenaries currently invading Syria (ie ISIS and al Nursra Front/al Qaeda).

The source upon which the pretexts for war are built and perpetrated are taboo topics, despite longstanding evidence that the official narratives explaining the [crimes of 9/11](#) - and the subsequent [“Gladio B” operations](#) — are flawed. The truth is seen as “heresy”, and fact-based narratives are derided as “conspiracy theories”.

Thus, a firm foundation of lies that serves as a sanctified justification for global war and

terror, remains strong.

But the stakes are high, as Western hegemony presses us closer and closer to a real prospect of widespread nuclear war. Already, the use of nuclear weapons is being “normalized” through the introduction of “mini-nukes” into the equation, and the blurring of lines between conventional and nuclear war.

Michel Chossudovsky explains in [“Is the Bush Administration Planning a Nuclear Holocaust?|Will the US launch ‘Mini-nukes’ against Iran in Retaliation for Tehran’s ‘Non-compliance?’”](#) that

[“The Doctrine for Joint Nuclear Operations](#) outlines the procedures governing the use of nuclear weapons and the nature of the relationship between nuclear and conventional war operations.

The DJNO states that the:

‘use of nuclear weapons within a [war] theater requires that nuclear and conventional plans be integrated to the greatest extent possible’

(DJNO, p 47 italics added, italics added, For further details see [Michel Chossudovsky, Nuclear War against Iran, Jan 2006](#))

The implications of this ‘integration’ are far-reaching because once the decision is taken by the Commander in Chief, namely the President of the United States, to launch a joint conventional-nuclear military operation, there is a risk that tactical nuclear weapons could be used without requesting subsequent presidential approval. In this regard, execution procedures under the jurisdiction of the theater commanders pertaining to nuclear weapons are described as ‘flexible and allow for changes in the situation ...’ ”

The taboos need to be lifted, and the repeated lies contradicted.

Some of the more pernicious lies covering the escalating war on the democratic republic of Syria include unsubstantiated memes that fit neatly into the propagandists’ toolbox of false representations, and of projecting the West’s crimes onto the victims (Syria and Syrians).

The War on Syria is not a “civil” war; the “uprising” was not “democratic”; Assad does not “starve his own people”; Assad, does not “bomb his own people”; Assad is the democratically-elected president of Syria, and not a “brutal dictator”.

Conclusive evidence demonstrates, and has demonstrated for years, that the war is an invasion by Western proxies, which include ISIS and al Qaeda/al Nursra Front, and that there are no “moderates”.

The initial uprisings were marred by foreign-backed violence perpetrated against innocent people, soldiers, and police. Peaceful grassroots protests were hijacked by these murderous foreign-backed elements (as was the case in Ukraine) – all consistent with “hybrid war” as elaborated by [Andrew Korybko](#).

The illegal sanctions imposed by the West – including Canada – coupled with terrorist practices of theft and hoarding of humanitarian aid – are responsible for the starvation.

Assad is a [democratically elected](#) reformer, and hugely popular with Syrians, not a brutal dictator. Claims that he “kills his own people” were further debunked when the so-called “[Caesar photos](#)” evidence was proven to be a fraud.

Many Syrians criticize Assad for not carpet bombing terrorist occupied areas (as US occupiers did in Fallujah, for example). Syrians sometimes refer to Assad as “[Mr. Soft Heart](#)”.

Unfortunately, though, the well-documented truth is not widely accepted. We need to shatter the “Inquisition” which serves to protect the criminal cabal perpetrating and orchestrating this global catastrophe. Truth and justice must prevail over lies and crimes. Currently, the opposite is the case.
