Beholden to special interests; complicit in US war crimes across the globe; held top secret information on an unsecured home server; incessantly lies (like most politicians); and is married to a man who has been accused by multiple women of sexual assault: the fact that Hillary Clinton is even remotely capable of becoming President of the US is symptomatic of how corrupt and screwed up the US political system actually is.

Puppet on a String

Clinton is the walking, talking definition of a political prostitute, completely controlled by special interests, Israel and the shadow establishment. Since the beginning of 2013, Clinton has received at least [\\$21.7 million](#) for 92 speeches she has given to private organizations and groups. This includes \$225,000 from Morgan Stanley; \$225,000 from Deutsche Bank; \$225,000 from Bank of America; and \$675,000 from the Goldman Sachs Group (for three separate speeches). George Soros, the investor, billionaire and regime change extraordinaire, has also put [millions](#) into Clinton's campaign.

Hillary is controlled by the parallel US government, the Council on Foreign Relations (CFR). In 2009, she [revealed](#) her relationship with the CFR when she addressed the council at their newly opened outpost in Washington D.C.:

"I have been often to the mother ship in New York City, but it's good to have an outpost of the council right here down the street from the State Department. We get a lot of advice from the council, so this will mean I won't have as far to go to be told what we should be doing and how we should think about the future."

A look at the [corporate membership](#) of the council reveals the level of power vested in such a small amount of hands, with approximately 200 of the most influential corporate players belonging to the group, including: Exxon Mobil Corporation; Goldman Sachs Group; JPMorgan Chase; BP plc; Barclays; IBM; Google Inc; Facebook; Lockheed Martin; Raytheon; Pfizer; Merck & Co; Deutsche Bank AG; Shell Oil Company; and Soros Fund Management.

War Criminal in Chief

Hillary is complicit in numerous crimes and atrocities perpetuated by the US when she was Secretary of State from January, 2009 to February, 2013. One of the most notable examples

of this was the belligerent war in Libya in 2011. Clinton played a pivotal role in the NATO intervention which led to the toppling of the Libyan leader, Muammar al- Qaddafi, the destabilization of the country and the exacerbation of "[humanitarian suffering](#)."

As Alan J. Kuperman, an Associate Professor of Public Affairs at the University of Texas, wrote in his 2013 policy brief for the Belfer Center for Science and International Affairs, Harvard Kennedy School, titled:[Lessons from Libya: How not to Intervene](#):

"NATO's action magnified the conflict's duration about sixfold, and its death toll at least sevenfold, while also exacerbating human rights abuses, humanitarian suffering, Islamic radicalism, and weapons proliferation in Libya and its neighbors. If Libya was a 'model intervention,' then it was a model of failure."

NATO has been repeatedly accused of committing war crimes in Libya, but as we know, there is no accountability for Western imperialism. Many have accused NATO of deliberately bombing civilian targets, including [Libya's water infrastructure](#). To Hillary (the war hawk) Clinton however, the intervention in Libya was a triumph. She famously remarked that "we came, we saw, he died" (before demonically laughing).

Arming Al-Qaeda

Clinton was also the Secretary of State during the 2012 Benghazi attack, when militants attacked a US compound in Benghazi, Libya, and a CIA facility nearby, killing four US personnel, including US Ambassador to Libya, Christopher Stevens. The failure to protect the compound has been widely written about, but the real story is what the compound was actually involved in. Numerous journalists - including [Seymour Hersh](#) - have reported that the compound was a key outpost for a covert operation that involved shipping weapons from Libya to the Syrian rebels who were fighting against Bashar al-Assad. Many reports have accused the US and their allies of covertly sending [heavy weapons](#) from the North African country to Syria.

A formerly classified document released by Judicial Watch from the Defense Intelligence Agency (DIA) reveals that the White House was at least [aware](#) of arms shipments from Libya to Syria, although the document does not disclose who was shipping the weapons (parts of the document are redacted however):

"Weapons from the former Libya military stockpiles were shipped from the port of Benghazi, Libya to the Port of Banias and the Port of Borj Islam, Syria. The weapons shipped during late-August 2012 were Sniper rifles, RPG's, and 125 mm and 155mm howitzers missiles... The numbers for each weapon were estimated to be: 500 Sniper rifles, 100 RPG launchers with 300 total rounds, and approximately 400 howitzers missiles [200 ea - 125mm and 200ea - 155 mm]" ([DIA Doc](#)).

Clinton was a strong supporter of the ludicrous and nefarious strategy of arming the Syrian rebels, even though US [military intelligence](#) was reporting in August 2012 that: "The Salafists, the Muslim Brotherhood and AQI [(al-Qaeda in Iraq)], are the major forces driving the insurgency in Syria." In 2015, Clinton also called for the creation of a [no-fly zone](#) in Syria, which as we saw in Libya, would result in the US bombing the Syrian army in a bid to oust al-Assad.

It's impossible to document Hillary's crimes without briefly discussing the allegations made against her husband, Bill Clinton. It's highly ironic that Hillary's platform for President is largely based on her (supposed) support for women's rights, yet her husband has been accused by multiple women of sexual assault - [Capitol Hill Blue](#) documented some of these allegations. In 1998, Bill even paid Paula Jones [\\$850,000](#) in an out-of-court settlement to drop a sexual harassment lawsuit against him. Juanita Broaddrick, who accused Bill of raping her in 1978, also accused Hillary of [threatening her](#) if she spoke out.

It's hard to think of any political figure that has been plagued by so many scandals in recent years. If Hillary is installed as President by the shadow elite, it will not just be catastrophic for the US, but for the entire globe as well.
