[War between US and Russia Could Be Sooner than Later. "The Danger of a Nuclear War"](#)

By [Joachim Hagopian](#), October 18 2016

Barely noticed in a virtual media blackout in the West are at least a half dozen high alert, significant international developments that all strongly indicate the extreme danger of a nuclear war breaking out at any time against Russia and its Eastern alliance.

[Whether to Go to War Against Russia Is Top Issue in U.S. Presidential Race](#)

By [Eric Zuesse](#), October 18 2016

The United States government has already declared that in regards to what it alleges to be a Russian cyberattack against the U.S. Democratic Party, the U.S. reserves the right to go to war against Russia. NATO has accordingly changed its policy so as to assert that a cyberattack (in this case actually cyber-espionage, such as the U.S. government itself perpetrates against even its own allies such as Angela Merkel by tapping her phone) constitutes an act of war by the alleged cyberattacker, and so requires all NATO member nations to join any cyberattacked NATO nation in war against its alleged (cyber)attacker, if the cyberattacked member declares war against its alleged cyberattacker.

[Canada Goes To War. Trudeau Postures For The UN](#)

By [Jim Miles](#), October 17 2016

Stephen Lewis, former socialist NDP leader from Canada's province of Ontario was asked about PM Justin Trudeau's letter to the UN asking for a special General Assembly meeting, as reported by the CBC yesterday: The Canadian Mission to the United Nations has submitted a rare request asking the president of the General Assembly for a meeting of all 193 member states to "explore concerted action to apply pressure on the parties of the violence [in Syria]," now in its sixth year. He commented that "war crimes are being committed by Russia" but hopefully that "Russia may at some point be forced to reconsider," its position.

A new proposal for the cessation of hostilities in Yemen was announced on October 16 amid an escalation in United States bombing operations against the most impoverished nation in the Middle East. [The Real Humanitarian Crisis Is Not Aleppo. The Crisis is Washington Loosing its ISIL Mercenaries](#)

By [Dr. Paul Craig Roberts](#), October 18 2016

Why do we hear only of the “humanitarian crisis in Aleppo” and not of the humanitarian crisis everywhere else in Syria where the evil that rules in Washington has unleashed its ISIL mercenaries to slaughter the Syrian people? Why do we not hear about the humanitarian crisis in Yemen where the US and its Saudi Arabian vassal are slaughtering Yemeni women and children? Why don’t we hear about the humanitarian crisis in Libya where Washington destroyed a country leaving chaos in its place? Why don’t we hear about the humanitarian crisis in Iraq, ongoing now for 13 years, or the humanitarian crisis in Afghanistan now 15 years old? The answer is that the crisis in Aleppo is the crisis of Washington losing its ISIL mercenaries to the Syrian army and Russian air force.

[Toxic Mind Control Contaminates The Public Sphere](#)

By [Mark Taliano](#), October 17 2016

We are living in a society where dangerous political ignorance prevails, and truth is subordinated. “Forbidden truths” are concealed beneath the protective cover of a growing array of taboos. The taboos protect the criminal warmongers and the oligarch class, as they corrode peace, equality, freedom, and prosperity.
