[Turkey's Attempted Coup - Cui Bono? An \[Organized\] Gift From Allah?](#)

By [Felicity Arbuthnot](#), August 02 2016

In under a week 60,000 people had been fired or detained and 2,300 institutions closed on Erdogan's orders. Latest figures stand at 70,000 including media, health, education and judiciary purged or interned according to the State sponsored Anadolu news agency - which may be the only news outlet standing since: "at least 131 newspapers, television and radio stations, magazines, publishers and news agencies" have been ordered closed this week alone." (Independent, 31st July 2016.)

[Bombing Libya Again, This Time Because of 9/11](#)

By [Edward Curtin](#), August 03 2016

In a previous article (published on July 29) I focussed on Hilary Clinton's involvement in the destruction of Libya in 2011. In that piece I wrote that Libya had disappeared from mainstream media coverage, but that it will reappear if US/NATO forces decide to bomb again. I suggested that such bombing may be fast approaching. That bombing has arrived quicker than I thought; it commenced on Monday, August 1, and some MSM have reported it, although not prominently.

[Green Party vs. "Two Unacceptable Options". Vote Jill Stein in November...](#)

By [Stephen Lendman](#), August 03 2016

America's debauched political system is rigged to assure one of its two neocon-infested duopoly wings wins every time. The choice each "election" is between the lesser of two

abominable evils no sensible person should support. This year, Hillary is by far the most dangerous of two unacceptable options. Subservience to Wall Street and escalated war on humanity is certain if she succeeds Obama. Who can support such madness! Is Trump any better? At the margins at most. Whoever heard of a billionaire tycoon populist serving everyone equitably, concerned about anything besides himself and special interests he represents.

[Monsanto in India: Meet the New Boss – Same as the Old Boss?](#)

By [Colin Todhunter](#), August 03 2016

In capitalism, the state's primary role is to secure the interests of private capital. The institutions of globalised capitalism – from the World Bank, the IMF and the WTO right down to the compliant bureaucracies of national states or supranational unions – facilitate private wealth accumulation that results in the forms of structural inequalities and violence (unemployment, poverty, population displacement, bad food, poor health, environmental destruction, etc) that have become 'accepted' as necessary (for 'growth') and taken for granted within mainstream media and political narratives.

[Washington's Zika Vaccination Ploy](#)

By [Dr. Binoy Kampmark](#), August 03 2016

Should you fear receiving the needle from a stranger? Yes. Should you fear receiving it from a person you know all too well as a historical abuser? Even more so. Empires do it, states do it, and even local agencies do it. Let's all, as it were, vaccinate for all in this perverted paraphrasing of the Cole Porter song, the assumption that the medical facility cures, and the giver and administrator knows all.
